International network for professional and career women

The Women's Career Network, WCN Vienna supports women seeking to develop and expand their career opportunities.

Founded 1992 in Vienna, Austria, WCN comprises today more than 150 members representing over 30 nationalities. Members of WCN hold positions within a large variety of international and local companies, work in international organizations or are business owners.

Part of the European Professional Women's Network

The WCN is also the access point to EuropeanPWN, a growing pan-European cross-sectoral networking and training platform for international professional women with more than 3500 members.

Benefits for members

• General Meetings

Topics range from professional and personal development to current business and cross-cultural issues. The speakers are senior managers, entrepreneurs, coaches and representatives from government, institutions and NGO's.

• Networking

Facilitated face-to-face networking, online networking around the world, special networking events.

• Career Club

Workshops to advance careers.

• Mentoring

Experienced professional women share their knowledge and know-how.

• New Member Welcome Breakfast

Gives a detailed introduction to WCN Vienna and EuropeanPWN.

• Member Ads

Member's business cards feature on WCN's website.

Ideal platform for women who want to...

- develop a wide reaching international network
- create career and business opportunities
- exchange latest business insights, peer views and new professional ideas
- promote women's professional presence in today's business community
